Domestic Science Club

The Domestic Science Club met with Mrs. Smith Tuesday afternoon of this week. The members brought their work and the time was spent in pleasant conversation as the needles flew swiftly in and out making something for the home circles. A dainty one course luncheon was served about five o'clock, which proved Mrs. Smith to be a very accomplished hostess. She was assisted by her daughters, Mesdames Sutton, Woods and Karau.

As the guests bade their hostess adieu they expressed themselves as having spent a profitable and very pleasant afternoon. Nearly every member was present. The guests were Mrs. Cason and Miss Nutz.

Miscellaneous Shower

A number of the friends of Miss Mary Williams gathered at the home of Mrs. I. Calvert on Third street Friday evening and awaited Miss Mary's coming. When she entered the house they surprised her with a shower of miscellaneous articles along with expressions of appreciation and well wishes. Games and social conversation detained the guests until a late hour. Ice cream and cake were served. The guest of honor very graciously thanked her friends for the pleasure of the occasion and the gifts which they had bestowed upon her. She has been employed in the Boles store for the past two years and many are the friends and lodge people who, like her employers, regret to see her go away. Miss Williams left, Sunday, for Hutchinson where she will visit friends before going to her home at Perry, Okla. While can only guess as to what occupation Miss Williams expects to take up, it appears that her intimate friends thought she might find linens, china and other household dainties valuable.
